

# ROLLS-ROYCE

## *An Australian Opinion of the Post-War Rolls-Royce :*

"WE divide all motor cars into two classes, and in the one put the Rolls-Royce, and in the other all the other cars.

"The care shown in the materials selected and the work put into the car is reflected in its perfect performance.

"The Rolls-Royce is easily **the best car I have seen or known**, and further, it is **the best car I could imagine**, and I consider myself very fortunate in being the possessor of one."

(Reference No. 507. The original may be seen on application.)

## THE BEST CAR IN THE WORLD

*AN EXPERT OPINION*  
*concerning the*  
*NEW 20 H.P. ROLLS-ROYCE*

**"A** CAR that in performance is wholly satisfactory. It is everything that a motorist can want. It gives him motor-ing with a high degree of refinement, and its simplicity of construction will delight the driver whether he be owner or otherwise."

*Manchester Guardian, 8/6/23.*

THE BEST CAR IN THE WORLD

## AN EXPERT OPINION *concerning the* 20 H.P. ROLLS-ROYCE

'IMAGINE the beauty of Venus, the power and strength of Hercules, and the speed of Mercury; try to visualize a beautiful and exquisite blending of these three splendid characteristics in pure and shining metal, and you may derive therefrom a little of the wondrous charm possessed by the 20 h.p. Rolls-Royce Touring Car.'

# ROLLS-ROYCE

## THE BEST CAR IN THE WORLD

*'To describe the Rolls-Royce is to gild the lily. There is no motorist who does not know its many virtues . . . The statement that the comparatively high initial cost of this car is justified by the superlative value of the materials and workmanship incorporated in it is no exaggeration. To the slightest detail the workmanship is superb. The two models, the 20 H.P. and the 40/50 H.P. New Phantom, are indeed magnificent cars. Their reputation is world-wide, and there can be few, if any, who will deny that the Rolls-Royce is the best car in the world.*

*'The purchase of a Rolls-Royce is an investment rather than an extravagance. No other car made enjoys such a small depreciation in value with the passing of years, and after the hardest of use there will always be a ready market for a car that never seems to grow old.'*

ANNOUNCEMENT CONCERNING  
THE 20 H.P.  
ROLLS-ROYCE

THE COMPANY is now able to offer and accept orders for chassis of the 20-h.p. type, which, whilst retaining the sweetness and smooth-running qualities for which this car is so justly famous, will embody a larger engine giving increased power with consequent improved acceleration and hill climbing.

Chassis of this type will be known as  
THE 20-25 H.P. ROLLS-ROYCE  
(R.A.C. rating 25'3. Tax £26)

For those who do not require this additional horsepower the Company will continue to manufacture the 20 h.p. chassis with the original size of engine, viz.  
R.A.C. rating 21'6, Tax £22.

*BOTH CHASSIS will embody a system of CENTRALISED LUBRICATION and other modifications.*

THIS MODEL and the New 40-50 PHANTOM II  
will be exhibited at OLYMPIA, October 17-26  
on the Company's Stand and the Stands of  
leading Coachbuilders
